

MacEwan Gardens II

Spring 2013 Newsletter

Dear Residents:

Spring is officially here in spite of the recent snow and cold spell! We are fortunate to have a lovely outdoor space for all to enjoy and ask that everyone be considerate with the following:

Pets - no dogs urinating or defecating on common property **ANYWHERE**, this includes the east & west parking lots, all grassed areas and all sidewalks.

Garbage – if the waste container in the east parking lot is full, please don't leave your garbage beside it; take it to the receptacle in the west lot as it is always underutilized. Do not leave garbage on the walkways or by the elevators in the underground parkade.

Balconies – please do not toss your empty cans, bottles or cigarette butts off your balcony.

Gardening!

There are planters in the back of the building that are empty and in need of some TLC. We are offering these planters to residents who would like to garden. The board will have the planters cleaned and filled with a better quality soil in early spring and they will be available to any residents who wish to use them. Simply submit your name, unit number and what you wish to grow in the planter prior to May 15, 2013. If the board approves your design, they will contact you by May 21, 2013. Happy Growing!!

Spring Meet & Greet

Come meet your Board of Directors and join us for coffee and dessert on Wednesday, May 15th in the Amenities Room from 7:00 – 8:00 pm.
